Working Together To Make Exceptional Typical
About Advocates

Advocates is a person-centered not-for-profit organization that empowers individuals with intellectual and developmental disabilities to direct their own lives and create a vision for their future.

Together, we advocate for a future where people with intellectual and developmental disabilities can fully participate in their home, schools, and communities in a meaningful way.

Advocates is the leading provider of person-centered, self-directed services in Central New York.

Advocates empowers people to manage their Self-Direction Budgets with Fiscal Intermediary and Brokerage services.

Advocates offers Family Reimbursement, Family Training, Service Access, Medical Advocacy and Family Recreation through Family Supports and Services.

Advocates employs over 900 caring Direct Support Professionals (Mentors).

Advocates supports individuals and their families to hire 1:1 Mentors through Agency Supported Community Habilitation and Self-Hired Community Habilitation; and offers additional supports through our Backup Mentor service.
Welcome to this edition of the Resource Manual for Onondaga County and surrounding areas. We hope you find the changes we have made helpful, user-friendly and valuable in the pursuit of the best services possible.

ACCESS TO OPWDD SERVICES

The New York State Office for People With Developmental Disabilities (OPWDD) is responsible for coordinating services for people with developmental disabilities; including intellectual disabilities, cerebral palsy, Down syndrome, autism spectrum disorders, traumatic brain injury prior to age 21 and other neurological impairments. It provides services directly and through a network of not-for-profit service providing agencies.

www.opwdd.ny.gov

FRONT DOOR
Call to register ......................... (315) 793-9600 Ext. 1
CNYDDRO Region 2  www.opwdd.ny.gov
To help you get ready to plan for OPWDD services, you will be asked to attend an information session. The information session is a way for you to learn valuable information about 1) The supports and services that may be right for you and how to access them 2) The options that exist for helping individuals and families 3) How the Front Door process works.

SELF-DIRECTION
Call to register ............................... (315) 793-9600 Ext. 1
CNYDDRO Region 2  www.opwdd.ny.gov
Self-Direction is a program that allows individuals to make choices about how to use their Medicaid and state funding to meet their needs and goals. Individuals, with the support of their family, friends and advocates, can choose from a broad range of staffing supports, programs and financial assistance with living expenses. Each Self-Direction Plan requires a Fiscal Intermediary and Support Broker. Individuals must attend a Self-Direction Information Session in order to begin services. Classes may be offered during a Front Door class.

ELIGIBILITY DETERMINATION
If you or your loved one has a developmental disability and need help accessing services, contact a Care Coordination Organization (CCO) for assistance. Specially trained staff can help you through the OPWDD Front Door Process and with obtaining OPWDD Eligibility.

Additional Eligibility Supports

Exceptional Family Resources (EFR)
1820 Lemoyne Avenue............................. (315) 478-1462
Syracuse, 13208  www.contactefr.org
-The Senior Caregivers Program assists individuals with a developmental disability with the OPWDD eligibility process. A person must share a home with their 55 years old or older family member and reside in Onondaga County.

CARE COORDINATION ORGANIZATION (CCO)
A Care Coordination Organization (CCO) is a for-profit organization that employs Care Managers in NYS. A Care Manager assists individuals and their families in finding, obtaining and coordinating the necessary resources, services and supports to help people live as independently and successfully in the community as possible. Additionally they provide oversight, information and advocacy as needed. The Care Manager is responsible for developing, implementing and maintaining the Life Plan. The Life Plan is created through a person-centered approach which allows people with disabilities and their families to create a vision of the future through choice and informed decision making. There are two CCO’s covering Onondaga County to choose from:

LIFEPan, CCO.............................................(315) 565-2612
www.lifepancony.com
LIFEPan is centered on connecting people to the full spectrum of services that will support optimal health and wellness, creating opportunities for people to have meaningful lives. With LIFEPan, getting the right care starts close to home. If you or your loved one has a developmental disability and need help accessing services, our Care Connection Specialists can help you through the Office for People with Developmental Disabilities (OPWDD) Front Door Process.

Prime Care, CCO...............................(844) 347-3168
www.primecaren.org
Prime Care Coordination was created to help ensure that people with intellectual and developmental disabilities receive the best services possible. Prime Care offers complete support for each individual, taking the time to really get to know each person and their needs and goals in order to provide a very personalized approach to their care.
At Prime Care Coordination, your Care Manager will work with you to create a Life Plan to meet your unique needs and goals. Your Life Plan is a comprehensive guide that is developed through a person-centered planning process directed by you and the people you choose, such as your family members, advocates and service providers. Your Life Plan will include access to a network of Prime Care providers who can support ALL of your needs. These include support, health, wellness, behavioral health and family services.

**FISCAL INTERMEDIARY (FI)** Individuals who choose Self-Direction are required to have a Fiscal Intermediary (FI) agency that will provide the funding and oversight of the person’s plan. The FI agency will pay the person’s staff, provide required training, and ensure that all state and federal regulations are met. The FI will also pay costs that are included in the person’s approved budget.

notes…
DAY HABILITATION

Day Habilitation, or “Day Hab” targets activities that typically take place outside the home. These activities could include a person joining and participating in a local health club and/or contributing to the community through volunteer work. Separate activities are tied together as they address outcomes the individual has identified, such as becoming more independent, improving health through physical activity, and becoming involved in the community, as stated in their Life Plan. To receive day habilitation, an individual with a developmental disability must be enrolled in Medicaid and on the Medicaid Waiver. People are referred by their Care Manager. Day habilitation is a service of the Home and Community Based Services Medicaid (HCBS) Waiver.

INDIVIDUALIZED SUPPORT SERVICES
The Individualized Support Services (ISS) program is designed to help people live on their own rather than in a group home or with other family members. ISS provides funding which, in addition to individual’s current income, helps to pay necessary bills. As few people have enough money to buy everything they want, each person will need to make some decisions between things that they really NEED (a place to live, clothes to wear, etc.) versus things they WANT but really don’t need. All ISS recipients must meet OPWDD’s (Office for People With Developmental Disabilities) eligibility guidelines including criteria about a person’s living situation.

INTENSIVE BEHAVIOR SERVICES (IBS)

Intensive Behavior Services (IBS) specifically addresses the needs of families caring for a child or adult at home who is displaying challenging behaviors that threaten the capacity of the family to cope and result in increased risk for out of home placement. This service comprises a high quality, time-limited, intensive intervention that includes functional behavioral assessment, the development of a targeted behavior management plan, extensive training by clinicians to parents and other caregivers in the home, and transition planning activities. The goal of the service is to provide families with the behavior management skills necessary to achieve and maintain community stabilization, and allow the individuals continued participation in community programs, routines and activities. Agencies that provide this OPWDD Waiver service are listed below or contact your Care Manager for additional information.

ADULT MEDICAL DAY PROGRAMS

Serves adults (typically age 21 and older) requiring medical services including those with diabetes, stroke, multiple sclerosis, Parkinson’s, heart failure, emphysema, epilepsy, and traumatic brain injury. Medical monitoring, assessment, treatment and education, chronic disease management, supervision, socialization, and nutrition services are provided. Medical Day Programs help to keep people independent and healthy so visits to physicians and hospitalizations can be minimized and support individuals in order to prevent or delay placement in health-related facilities. Transportation to these programs is provided. Medicaid pays for these programs for qualified adults. Participation in the Medicaid Home and Community Based Service (HCBS) Waiver is not required. In the last several years, long waiting lists for Day Habilitation services through the HCBS Waiver have resulted in more people with developmental disabilities being served in Medical Day Programs. A doctor’s referral is required.

The Kelberman Center-Promise Program
Offices in Syracuse and Utica
2608 Genesee Street ................................. (315) 797-6241
Utica, 13502  www.kelbermancenter.org
- The Promise Program Since 1997, The Kelberman Center’s Promise Preschool (located in Utica, NY) has been the region’s only ABA-based program focused on educating children with autism. Intervention at preschool age is proven to build a solid foundation so each child can achieve their fullest potential. The Promise Preschool addresses the unique needs of children with autism in many ways, starting with small classes, a 2-to-1 ratio of students to adults, and unparalleled expertise. First and foremost, students at Promise work on learning a functional way to communicate, whether it be through speech, images, signing or technology. The ability to communicate is essential to reducing frustration and being ready to learn.

CHILD CARE
There are many different types of child care programs in New York State. Each program is regulated by the state Office of Children and Family Services. For a list of centers and private providers by zip code see: www.ocfs.state.ny.us/main/childcare/default.asp
Each of the programs listed can serve children ages six weeks through twelve years and operate for more than three hours a day.

Day Care Centers - provide care for more than six children at a time, not in a personal residence.
Small Day Care Centers - provide care for up to six children, not in a personal residence.

Family Day Care Homes - provide care for three to six children at a time in a residence; may add one or two school-age children. The maximum allowable number of children will depend on whether there are and how many infants are in care.

Group Family Day Care Homes - provide care for seven to twelve children at a time in a residence; may add one or two school-age children. The maximum allowable number of children will depend on whether there are and how many infants are in care. A provider must use an assistant when more that six children are present.

School-Age Child Care Programs - provide care for more than six children from kindergarten through age twelve. Care for children during non-school hours; also may provide care during school vacation periods and holidays.

Head Start Centers - targeted for preschool-age children from low income families; federally funded and usually licensed as Day Care Centers.

Legally Exempt Care (Informal) - provides care for one to two children at a time in addition to the provider’s children, usually in the provider’s home; are not required to register. If caring for more than two children other than their own, they must register with NYS.

In NYS, citizens reach legal adulthood at age 18. Some people may need the assistance of another trusted person to help make important legal, financial, and medical decisions on their behalf. Our legal system has provided some different options in this matter.

**Guardianship** - A guardian is appointed through the court to assist an individual with life decisions and to monitor the person’s quality of life. A guardian may be necessary to ensure that permission for certain matters, such as having a medical operation may be given on your behalf. Guardianship should only be sought if you are not capable of making your own decisions.

**Power of Attorney** - A power of attorney is a written document giving one person the power to act as an “agent” for another person. To give power of attorney, you must be considered capable of understanding the document. You can revoke a power of attorney at any time.

**Supplemental Needs Trust** - A “trust” gives a person or corporation (called the “trustee”) the right to manage or control property for the benefit of another person (called the “beneficiary”). A trust can be funded from resources from the person with a disability, a parent or guardian or another concerned person. A parent or guardian may set up a trust to help provide for future financial security. Specifically, a supplemental needs trust when properly drafted and established, can provide for a person with a disability without limiting the person’s SSI and/or Medicaid benefits. A trust does not limit the beneficiary’s civil rights, personal freedom or control over money and property not part of the trust.

notes...
CONSUMER DIRECTED PERSONAL ASSISTANCE PROGRAM (CDPAP)

The following information about the Consumer Directed Personal Assistance Program (CDPAP) can be found on the NYS Department of Health website: www.health.state.ny.us/health_care/Medicaid/program/longterm/cd pap

This Medicaid program provides services to chronically ill or physically disabled individuals who have a medical need for help with activities of daily living or skilled nursing services. Services can include any of the services provided by a personal care aide (home attendant), home health aide or nurse. Recipients have flexibility and freedom in choosing their caregivers. The consumer or the person acting on the consumer’s behalf, such as the parent of a disabled or chronically ill child, assumes full responsibility for hiring, training, supervising, and – if need be – terminating the employment of persons providing the services.

How do I find the CDPAP?

Before a person can receive services, his or her doctor must send a completed Physician’s Order for Services to the local social services district which then completes a social and nursing assessment. A nurse assessor then determines whether the recipient can appropriately participate in CDPAP, and recommends the amount, frequency and duration of services.

Requirements of CDPAP

Recipients must be able and willing to make informed choices regarding the management of the services they receive, or have a legal guardian or designated relative or other adult able and willing to help make informed choices. The consumer or designee must also be responsible for recruiting, hiring, training, supervising and terminating caregivers and must arrange for backup coverage when necessary, arrange and coordinate other services and keep payroll records.

AccessCNY-Home Service Program

6666 Manlius Center Road ..................... (315) 218-0844
East Syracuse, 13057  www.accesscny.org
Due to a variety of circumstances, individuals with disabilities may sometimes “fall through the cracks” of traditional funding streams and services. This may be especially true of those with adult-onset disabilities such as arthritis, multiple sclerosis, or ALS. The goal of the Home Service program is to provide services to these individuals directly in their home communities and help them to lead active and productive lives. The Home Service program is a joint venture between the Cerebral Palsy Associations of New York State and the New York State Elks Association. Home Services help individuals with disabilities find local services to meet their specific needs. The program also provides advocacy, counseling, and follow-up to ensure the needs and rights of the participants are being upheld.

**TRANSITION FOR HIGH SCHOOL STUDENTS**
As students with special needs reach their teens, they and their families may need special help planning for the years after they are no longer in public education. Before your child reaches age 15, your local school district’s CSE (Committee on Special Education) is required to meet with you, your child and collaborate with other professionals from community agencies to discuss what skills and knowledge your child will need as an adult and to further their job skills, living arrangements and community supports and services. The programs and services planned will become part of your child’s IEP (Individualized Education Program). These will be reviewed and updated annually until your child completes school and/or through the age of 21.

Offices in Syracuse and Utica
2608 Genesee Street.............................(315) 797-6241
Utica, 13502 ........................................www.kelbermancenter.org
The Kelberman Center’s school support team partners with districts to provide consulting and on-site supports to strengthen and extend a district’s educational resources in order to meet the needs of children with autism and related developmental disabilities, providing services such as Needs Assessments, Inclusion Planning, Curriculum Development, and Professional Development and training, among other things. Our team of psychologists, special education and behavior experts, provide consultations to help classroom teams address both general and student-specific concerns related to academic, social and behavioral needs. A typical student-focused consultation may include some or all of these components: a thorough review of a student’s developmental, academic, and social history, classroom observations, a functional behavioral assessment, a behavior intervention plan, and a comprehensive assessment to guide programming.
This section includes the major providers in Onondaga County which serve seniors. The definition of who qualifies as a senior person varies and should be discussed with each agency and program. The providers chosen for this section serve people with developmental disabilities, as well as their caregivers. See the following sections in this manual: Adult Day Programs, Residential, and Medical Home Care. Additional information on services for seniors can be found in the Onondaga County Senior Resource Directory.

East Syracuse, 13057  www.accesscny.org
Due to a variety of circumstances, seniors may sometimes “fall through the cracks” of traditional funding streams and services. This may be especially true of those with adult-onset disabilities such as arthritis, multiple sclerosis, or ALS. The goal of the Home Service program is to provide services to these individuals directly in their home communities and help them to lead active and productive lives. The Home Service program is a joint venture between the Cerebral Palsy Associations of New York State and the New York State Elks Association. Home Services helps seniors and individuals with disabilities find local services to meet their specific needs. The program also provides advocacy, counseling, and follow-up to ensure the needs and rights of the participants are being upheld.

At OCL we have been helping persons with Intellectual and Developmental Disabilities (I/DD) since 1987. The agency was formed by families of persons with I/DD and other concerned citizens who wanted something better than institutionalization and cookie cutter services for their loved ones. We continue to have persons and families who receive services on our governing board. We want to be helpful!

Our agency offers person-centered individualized Community Habilitation, Employment, Volunteer Experiences and College Access. Including, Support Broker, Fiscal Intermediary, Agency Supported Self-Direction and Self-Hire Self-Direction Services. We assist with Live in Caregiver and Housing Subsidies through Individualized Support Services (ISS).

Call us to inquire about our services! We will call you back!
